Supplemental Invention Disclosure Statement

This Supplemental Invention Disclosure Statement is being submitted to identify three references that were recently cited and/or applied in a related application USSN 10/255,921 (C-2778), which is a CIP of the present application and is being handled by Examiner Squires in Art Unit 2836. Applicants' attorney first cursorily reviewed the U. S. PTO Office Action that first identified these three references on either July 5 or 6, 2005. It is not believed that these references were known to any individual designated in § 1.56(c) more than three months prior to the filing of this IDS. Moreover, by telephone conversation with Examiner Brian Sircus during the absence of Examiner Deberadinis on Oct. 4, 2005, it was determined that neither a Final Rejection nor a Notice of Allowance had been rendered at that time. Accordingly, the Supplemental IDS is transmitted under 37 CFR 1.97(c) and is accompanied by a statement under 37 CFR 1.97(e).

Applicants respectfully submit that the references identified in the present Supplemental IDS do not negate patentability of the present claims for the reasons given in the Amendment of Sept. 27, 2005 in the related application USSN 10/255,921 mentioned above.

In the event questions or issues remain which the Examiner feels might be resolved by telephone interview, he is respectfully requested to contact Applicants' attorney at the number below

Respectfully submitted,

By: 
Stephen A. Schneeberger
